Financial Support – removing the barriers to learning

We are here to help with the costs of study and have a wide-range of financial support packages to remove barriers to learning. The government gives the college a fund to help those in financial need with the costs of study.

An overview of the funds and support types are shown below. Specific criteria apply to some funds and support types within the fund. Eligibility for this support is dependent upon your individual circumstances, your individual or

household income and the course you are enrolled onto.

All awards are subject to maintaining a satisfactory attendance level of 89% or above. Awards may be suspended or cancelled where attendance is below this rate. Funding is limited and once all funds are allocated, these will be closed to new applicants and awards. Awards are made to priority groups as identified in our Bursary Policy.

All awards are issued in line with the Bursary Support Policy, a copy of which can be found on the Student Portal.
