1. POLICY STATEMENT

1.2 Aim of the Policy

- (a) To promote a culture of excellent behaviour and positive respectful relationships
- (b) To help learners be ready to learn and progress

To provide simple, practical procedures for staff and learners that:

- (a) Positively reinforce excellent conduct
- (b) Promote self-discipline and self-esteem
- (c) Teach appropriate behaviour through positive interventions

3. **PROCEDURE/COMPLIANCE OBLIGATIONS**

3.1 Response to Poor Conduct Procedure

- (a) Students are held responsible for their behaviour. Staff should deal with poor conduct without delegating either the task or the accountability. The person best placed to manage the behaviour of a student is the class teacher or the member of staff who was there at the time. All staff are expected to follow up poor conduct relentlessly and personally.
- (b) When students decide not to be **Ready, Respectful or Safe** staff should use their professional judgement alongside the following steps. The steps help to give direction; they do not contain the solution. For the vast majority of students a gentle reminder or nudge in the right direction is all that is needed. Praise the behaviour you want to see. Staff should always implement the following steps calmly and with care and learners must be given 'take up time' between each step.

3.2 Step One: The Reminder.

- (a) A reminder of the expectations for learners to be **Ready, Respectful and Safe** is delivered privately to the learner. The member of staff makes the student aware of their behaviour. The student has a choice to do the right thing.

3.3 Step Two: The Caution.

- (a) A clear verbal caution delivered privately to the student making them aware of their behaviour and clearly outlining the consequences if they continue. The student has a choice to do the right thing. Students will be reminded of their previous good conduct to prove that they can make better decisions.

3.4 Step Three: Last chance

A scripted approach at this stage is encouraged and includes:

- A gentle approach which is non-threatening (side on, eye level or lower)
- State the behaviour that was observed and which rule it contravenes. **(Ready, Respectful or Safe)**
- Tell the student that they will need to remain for a short discussion after class
- Refer to previous excellent conduct/learning as a model for the desired behaviour
- Walk away from the student; allow the student time to decide what to do next
- If there are comments as you walk away write them down and follow up later

3.5 Step Four: The time-out

- The student is asked to speak to the member of staff away from others
- Boundaries are reset
- The student is asked to reflect on their next step and is reminded of an example of their previous excellent conduct/attitude/effort
- The learner is given a final opportunity to re-engage with the learning / follow instructions

If the step 4 is unsuccessful, or if a learner refuses to take a time out, then the learner will be asked to leave the room.

Students who reach step 4 will be expected to attend a Restorative Meeting with the teacher at a mutually agreed time. Students may also request a Restorative Meeting with the teacher if they feel they have been unfairly treated.

3.6 Step 5: Restorative Meeting

The aims of Restorative Meetings are:

- To restore relationships
- To encourage students to take responsibility for their own conduct
- To reinforce the college's high expectations that everyone is **Ready, Respectful and Safe**
- To enable any underlying issues to be raised and addressed

3.7 Restorative meetings are structured as follows:

- What's happened?
- How do you feel about it now?
- Who has been affected by what happened and how?
- What have each party thought since?
- What behaviours will each party show next time?
- Reaffirm the commitment to building a trusting relationship.

Some issues will be resolved very quickly by a short restorative meeting if the incident was relatively minor, for example at the end of the lesson concerned, or at break/lunch. Most issues can be avoided by de-escalating disruptive behaviour and a commitment to resolving conflict swiftly. Some may require a longer discussion.

The member of staff concerned should inform the learner of when and where the restorative meeting will take place. It is the student's responsibility to attend and engage fully. No written record of this meeting is required. This is not 'part of a process' but rather a genuine opportunity to reach an accord with learners and agree a way forward.

If a student chooses to ignore these early interventions, will not attend meetings or is not prepared to engage in the meeting then please speak to your line manager who will provide support and if necessary the Personal Tutor will be asked to invoke Stage 1 of the [Student Disciplinary Procedure](#).

3.8 Response to Serious Misconduct Procedure

The following lists some examples considered to be serious misconduct, but is not comprehensive or exclusive:

- Conduct of a violent or potentially violent nature, either in person or on-line
- Being intoxicated on college premises
- Supplying intoxicating substances
- Being in possession of an offensive weapon
- Verbal or physical abuse of another (including bullying or intimidation)
- Transgressing the rights of another as defined in the Diversity and Inclusion Policy
- Theft or any other criminal offence involving the College, or impacting on staff or students of the College
- Abuse of college property
- Any actions deemed to be unreasonable behaviour endangering the physical or mental well being of staff or students.

Where it is alleged that serious misconduct has taken place the matter should be referred to the Head of Faculty or Head of College, as it is likely that Stage 3 of the Student Disciplinary Procedure will need to be invoked.

4. COMPLIANCE

4.1 Communication of the Student Conduct Policy

The Student Conduct Policy will be published on the College Web-site, ProPortal and SharePoint. Staff have been trained on the content of this policy and students will be made aware of the policy during Induction, alongside information about the Student Disciplinary Procedure. In addition the college will continuously reinforce the application of this policy through the

training and support provided by BMet Pivotal Instructors to ensure consistency of approach across the whole organisation.

4.2 Quality Assurance and Improvement

The application of the policy will be monitored through learning walks, observations and student forums. The Director of Learning and Standards will collate and analyse information linked to the policy throughout the year as part of the Executive Quality Report.
