

Course Information

Maths for Work

Campus

Job Skills @ BMET, Matthew Boulton Campus, Jennens Road, Birmingham B4 7PS

To book a place on this course please call the Employability Skills Team on 0121 362 1174

Hours and times per week

9.30am-3.30pm

Duration

2 days a week for 8 weeks (Wednesday and Thursdays)

Course content

This is an intensive course aimed at helping people gain an accredited Numeracy Functional Skills qualification. The course will help you improve your basic Maths skills.

A Numeracy qualification demonstrates good understanding of percentages, fractions, ratios, calculating areas, volumes, analysing data and working with money. The course will support learners with gaps in their knowledge to ensure they are prepared for their exams..

Achieving this qualification will increase candidates' confidence and motivation, and the learning they gain will be valuable in the workplace or in any further learning.

Key areas:

- Representing – making sense of a situation and representing it mathematically.
- Analysing – processing and using maths.
- Interpreting – interpreting and communicating the results of analysis

Qualification

City and Guilds Functional Skills Numeracy Entry Level 3, Level 1 or Level 2

Entry and eligibility requirements

Applicants will be required to complete an initial assessment of English to demonstrate their learning level. Due to the length of the course, applicants will need to show they are working towards the level required. A longer course may be more suited and recommended if required.

Applicants are expected to be motivated and willing to learn. Applicants will need to be unemployed and provide proof of benefits in order to be assessed for full fee remission.

ID Requirements

Bank statement or other form of ID with address details on plus National Insurance Number.
